

BME 593	Advanced Topics in Biomedical Engineering						
Catalog Data	Lectures on advanced topics of special interest to students in various areas of biomedical engineering. This course number is used to test new experimental courses in Biomedical Engineering.						
Course Total Credit Hours:	3	Lecture:	3	Laboratory:	-	Project	-
Prerequisites:	Graduate Standing and consent of instructor						
Course Coordinator:	Biomedical Engineering Faculty						
Textbooks							
1. Text Book is selected by the Instructor							
References							
References are selected by the Instructor							
Goals	Familiarize the students with the latest advances in the Biomedical Engineering area						
Projects							
Major CAD Packages							
Last Review:	Spring Semester 2008			Signature:
