*The semester-long independent study course book should be ordered at the beginning of the semester. **You are enrolled for only one of these courses** – check your registration form.

BOOK ORDERING INFORMATION

The Industrial Technology program has an agreement with a Textbook Agency located in Columbia, MO called MBS Textbook Exchange. They have been advised as to which books we will need for the semester and have offered the above prices. Prices are subject to change up to 14 days from the start of class.

You can order by calling 1-800-325-3252 or by logging onto <http://bookstore.mbsdirect.net/siu.htm> .

Order textbooks at least two weeks before the start of the class. Class dates can be found on the class schedule.

If you intend to **buy a used book from a former student**, be sure you have the correct book and edition. Also, **you are welcome to search elsewhere** (Internet or bookstore) in order to get a better price for these books. If you can get them for less money, great! Just be sure to have the **correct edition** – check the ISBN number. Please note that some books come with a CD.
