Call for Papers

WiBAN 2012
International Workshop on Wireless Body Area Networks for mHealth

in conjunction with
The International Conference on Computing, Networking and Communications
(ICNC 2012)

Maui, Hawaii, USA
January 30 - February 2, 2012

Website: http://www.engr.siu.edu/wiban

Scope

The increase in average lifespan and healthcare costs have ushered in a wave of innovation in healthcare. These factors along with the advances in miniaturization of electronic devices, sensing, battery and wireless communication technologies have led to the development of Wireless Body Area Networks (WBANs). WBANs consist of miniaturized computing devices (motes) that are able to gather, process and wirelessly transmit sensed data. To gather sensing data they can be attached on the outside (to clothes being worn) or implanted in the human body. They are designed such that they can monitor physiological signals and transmit these to specialized medical servers in an unobtrusive manner to the patient.

There are many aspects of WBANs that are still at infancy in the development phase. The purpose of this workshop is to provide a venue for the sharing and distribution of research ideas and results concerned with all aspects of WBANs for medical applications.

Topics of Interest

All submissions must describe original research, not published or currently under review for another workshop, conference, or journal. The work can be the development of new algorithms, techniques, models, position papers or case studies. Research ideas at an early stage of development are particularly welcomed.

The workshop program invites papers on various aspects of WBAN for Healthcare including, but not limited to, the following:

- Security & Privacy
- Trust
- System Architecture
- Monitoring
- Power Harvesting & Power Efficiency
- Signal Processing
- Communication Protocols
- Reliability and self-healing
- Availability
- Performance Evaluation
- Laws, ethics, and policy relating to medical data privacy

**Important Dates:**

Paper submission deadline extended: July 31, 2011 – August 31, 2011 (FIRM)
Notification of acceptance: Sept. 30, 2011

**Submission Guidelines**

For authors: Please follow the author instructions at [http://www.engr.siu.edu/wiban](http://www.engr.siu.edu/wiban)

**Workshop Organizers**

**General Chairs**
Garth V. Crosby, Southern Illinois University Carbondale, USA
Email: garth.crosby@siu.edu

Tirthankar Ghosh, St. Cloud State University, USA
Email: tghosh@stcloudstate.edu

**Program Chair**
Renita Murimi, Oklahoma Baptist University, USA
Email: renita.murimi@okbu.edu

**Technical Program Committee**
Llangko Balasingham, Norwegian University of Science & Technology, Norway
Abdellah Chehri, University of Ottawa, Canada
Craig Chin, Southern Polytechnic University, USA
Eryk Dutkiewicz, Macquarie University, Australia
Muslim Elkotob, Media Broadcast-TDF Group, Germany
Giancarlo Fortino, Università della Calabria, Italy
Aravind Kailas, University of North Carolina at Charlotte, USA
Ezzat Kirmani, St. Cloud State University, USA
Dimitrios Lymberopoulos, Microsoft Research, USA
Michael McGrath, Intel Labs, Ireland
Anil Mehta, Southern Illinois University Carbondale, USA
Michele Mekel, Southern Illinois University Carbondale, USA
Fernando Pianegiani, University of Trento (Formerly), Italy
Jing Shi, Huazhong University of Science and Technology, China
Lei Shu, Osaka University, Japan
Christos Tachtatzis, Letterkennt Insitute of Technology, Ireland
Damla Turgut, University of Central Florida, USA
Arif Uluagac, Georgia Institute of Technology, USA
Katarzyna Wac, University of Geneva, Switzerland
Xinbing Wang, Shanghai Jiaotong University, China
Lanier Watkins, John Hopkins Applied Physic Lab, USA
Yuanting Zhang, Chinese University of Hong Kong, China
